

Frosh Hop Claims Attention

"Knight In Shining Armor" John Fuller, publicity chairman for the freshman-sponsored "Black Catter's Ball," draws attention to one of the numerous posters on campus advertising the dance. Highlighting the dance will be a queen contest—and special intertainment. The hop will be held Friday night at the Scottish Rite Temple, from 8:30 to 12:30 o'clock. —photo by Gmelin

Faculty Members Now Number More Than 400

More than 400 instructors are now teaching at San Jose State college either full-time or on a part-time basis, according to the college administration.

Mr. Ray M. Schumacher and Mr. George M. Baggs have been added to the engineering teaching staff. This department was also increased in October by the addition of two new members. The engineering staff is now composed of 13 full-time and two part-time instructors.

Dr. Lillian Billington, on leave during the fall quarter, has returned to the Education department. Miss Louise Shoup, also on leave last quarter from the English department, has returned. She replaces Mr. Harry H. Crosby who took her classes in her absence.

In the Speech and Drama department, Mrs. Courtaney F. Brooks and Mr. Robert McLean have been employed. McLean will fill the position of Mrs. Owinda Ford in the Speech clinic. Mrs. Paula Athey, who has been on leave from the Speech department, has resigned.

Added to the Industrial Arts department staff on a part-time basis is Mr. Vernon Daugherty, a recent San Jose State college graduate.

Dr. Leslie McClaine, Natural Science department faculty member, resigned to take a position as a research chemist with the Atomic Energy commission laboratory in Richland, Wash. Evelyn D. Baggs has been added to the department's faculty.

Miss Alice L. Dement, has been added to the Psychology department.

Tiny Baby Arrives

It was gum for everybody yesterday in the classes of Mr. Robert Colman, instructor in art, as he announced the birth of a three-pound, seven-ounce daughter, Peggy Anne.

Peggy was born prematurely Sunday morning at 1:36 at the San Jose hospital, and was immediately placed in an incubator. According to latest reports, mother and baby are doing well.

Mr. Coleman's son, LeRoy Russell, now 13 months old, was also an incubator baby.

SJ Student Court Clarifies Specific Punishment Question

In the first session for the winter quarter Monday afternoon, the Student Court clarified a question regarding specific punishments and sent a letter to the Forestry club, Radio club, and the Lutheran Student association in regard to their current off-campus status.

On the question of whether or not the court can impose specific punishment for the infraction of specific by-laws of the constitution, the justices ruled that the court can only revoke ASB cards and privileges, recommend administrative action, or, in lieu of revoking ASB membership privileges, it can place a fine. The clarification was requested by ASB President Don Schaeffer.

Letters sent to the Lutheran, Radio and Forestry organizations were routine messages explaining the reasons for their club's off-campus status. The three clubs were declared off-campus last quarter when they failed to submit membership lists along with ASB numbers to the court.

Jobs Open in SF

Applications must be filed immediately in order to take the teacher's examination, Feb. 18, given by the San Francisco city schools. Positions to be filled are in the junior high and senior high schools. For further details contact the Placement office.

Weather

The coin came up heads today so the forecaster predicts occasional rain. Yesterday's temperatures ranged from a low of 39 to a high of 48. Skies were overcast and southerly winds of 25-35 mph prevailed.

Calls for Single Drive To Unify Campus Pleas

'Baby Contest' Closes Today, Response Light

The Spartan Daily "Baby Contest" will close this afternoon at 5 p.m., according to Bill Simons, director of the contest.

Simons announced yesterday afternoon that only two entries have been received.

Many expensive prizes have been promised by local merchants, including a free haircut for the proud father, a portrait of the baby, and a diamond baby ring set in gold.

Arrangements have been made to interview the parents on Bob Custer's "Campus Caravan" over radio station KLOK.

Entrants are asked to submit the names of both parents, the year and the objective of the parents attending college, the date of birth, and the name of the attending physician. The name, weight, sex, and eye color of the new arrival should also be filled in on the entry blank.

One of the parents must be a student at San Jose State college. All information should be put in the contest box in the Spartan Daily office.

'March of Dimes' Campaign Scheduled for Jan. 16-21

A proposal by Bob Madsen that would combine all the various pleas for money that occur throughout the school year into a single "Campus Chest" drive was made at the first winter quarter meeting of the Student Council yesterday afternoon in the Student Union.

Meanwhile, plans for the San Jose State college "March of Dimes," under the leadership of Bob Kavet, were ratified by the council. The drive will run next week, Jan. 16-21. The All-College boxing tourney will be held in line with the drive, with Dee Portal giving a talk.

The resting of the meeting was taken up with the following:

Jim Caputo resigned as Spartan Revelries business manager. Nick Diez was appointed to replace him.

Varsity and freshmen awards for football and water polo players were okeyed.

The ski team will be given \$500.

A call was issued for students who wish to handle either the Red Cross drive of next quarter or the WSSF drive of next year. Written petitions may be turned in to the ASB office.

Coy Staggs, a junior, and Bill Seward, a sophomore, were appointed by the council to positions on the Spartan Shop Board. Dick Knox and Betty Brisbin are the other student representatives.

San Jose State has been invited to participate in a show sponsored by USF, SFS, and SFCC. The show would raise funds for the "March of Dimes."

Camp Miniwanca has raised its SJSC quota to four students. It will cost the student body \$75 more if a fourth student is sent.

The next Town Meeting will be held on Jan. 26. Possible subjects are use of the Date Book and the proposed intramural sports switch.

A dance given by the sophomore class is scheduled for Jan. 21 at the Civic auditorium.

ASB card sales have totaled 197 this quarter. Of this number, 109 were issued to veterans.

The student fund comes to \$12,876.24, while the council fund has \$973.21.

List Figures On Student Employment

In December there were 656 applications for employment on file with Mrs. Florence Kellenberger in the Dean of Men's office. During the same period there were 199 jobs listed with 162 of these being filled, according to figures released by Mrs. Kellenberger.

Most of the remaining listings were for help on Christmas and New Year's day. For some strange reason these jobs were not snapped up by impoverished Spartans.

Following the usual downward trend during the winter, the listing and jobs-filled totals were lower than those in November. The "Help Wanted" column is usually shortest in January and February but starts getting longer in the middle of March.

To partially alleviate the seasonal lag in jobs, Mrs. Kellenberger is attempting to encourage San Jose businesses to hire San Jose State college students.

Edward Kelly Sustains Injury In Judo Session

Edward C. Kelly, senior penology major, was taken to the San Jose hospital yesterday afternoon, after he dislocated a kneecap during a judo class in the Men's gym.

Kelly was injured shortly before 1 o'clock. Instructor Yoshima Uchida sent him to the Health office on a stretcher. He was taken from there to the hospital about half an hour later.

Miss Margaret Twombly, health office head, said that because the injury occurred in a class, Kelly may be able to recover half of his medical expenses, but not more than \$200.

List Library Hours

Effective immediately the library will be open during the dinner hour, Miss Joyce Backus, librarian, announced yesterday.

New library hours are:
Daily, except Friday, Saturday, and Sunday: 8 a.m. to 9:30 p.m.
Friday: 8 a.m. to 5:30 p.m.
Saturday: 9 a.m. to 1 p.m.

Date Changed

Colored movies of Camp Miniwanca leadership training camp, will be shown in Morris Dailey auditorium Wednesday, Jan. 18 at 7:30 p.m. and not at 7:30 tonight as previously reported.

X-Rays Tomorrow

The mobile unit of the Santa Clara county Tuberculosis association will arrive on campus tomorrow to take chest X-rays of all entering students. New students should report from 9 to 12 a.m. and 1 to 3 p.m.

The unit will be located between the Science and Commerce buildings.

United Press Roundup

Knight Declines to Run

Lt. Gov. Goodwin J. Knight will not oppose Gov. Earl Warren for the 1950 Republican gubernatorial nomination because he has discovered there is no such thing as a genuine draft.

Gov. Warren, withholding his political plans until February, said Knight's withdrawal was "interesting." Knight will run again for lieutenant governor.

TO INCREASE TAXES

President Truman now proposes to increase taxes somewhat, but he does not reveal whether the

increases would most affect individuals, corporations, estates, or gifts.

A congressional economy bloc is ready to battle against any tax increase and to counter-attack with plans for tax reductions.

SAME MISTAKE?

"The United States is giving the communists the equipment to fight us just as we sent oil and scrap to Japan before the last war," Sen. George Malone (R., Nev.) charged yesterday. He asks congress for a "showdown" with Russia.

Little Hope for School Dorms Says President

San Jose State College's 400 unit dormitories will probably remain a long-range dream—unless the state legislature thoroughly overhauls the law providing for their construction. This was the prediction of President T. W. MacQuarrie, commenting on the recent report of projected dormitory construction at six California state colleges.

According to the report, released by State Superintendent of Education Dr. Roy E. Simpson, presidents of the six colleges tentatively agreed to the construction of 2000 dormitory units at a cost of more than \$7,500,000. Four hundred units were to be built at San Jose State college, the report stated.

Presy Explains

Dr. MacQuarrie told the Spartan Daily he "had little faith" in completion of the project under the present law. This law, the president explained, provided that construction costs would be split between state funds and revenue bonds issued by the state department of education. The bonds would bear not more than six per cent interest and would not constitute a state obligation.

The president pointed out that issuance of the bonds by the department of education was an untried practice—and added that their "no-obligation" basis would probably make them hard to sell. He indicated he felt that there is little chance the project will be financed in this way.

Property Purchased

Property for the projected dormitories—one 200 unit building for men and 200 additional units for women—has been purchased by the college with state funds, Dr. MacQuarrie said. It is located between Eighth and Ninth streets and San Fernando and San Carlos streets.

According to present plans, dormitory space—to be built at a cost estimated at \$3000 per student—would rent for about \$60 per month. Funds for the state's share in the project were appropriated in 1943 when the authorization was enacted by the legislature. Some parts of the measure were amended in 1947; but Dr. MacQuarrie said the "unique" financing provisions—the principle point of his criticism—were not significantly changed.

AWS Meets Today

Joan Hale, new president of Associated Woman's Students, will conduct her first meeting this afternoon at 4:30 o'clock in room 24, according to Melba Sills, publicity chairman.

Plans for March Melodies song festival, "Heart's Delight" valentine's dance, and an A.W.S. welcome party for new students will be discussed. All interested women students are urged to attend.

OT Graduates Continue Study

Occupational Therapy graduates from San Jose State college are continuing their advanced studies at hospitals and sanitariums throughout the state.

According to Miss Mary Booth, assistant professor of occupational therapy, three students who were graduated last quarter are now taking an additional nine months of training.

Miss Beatrice Batman is taking her training at the Twin Pine sanitarium for three months. She assists in the care of psychiatric patients. Miss Ora Lu Harter will be at the Los Angeles county hospital for two months. Her duties consist of general medicine and child care. Miss Francie Verdier is at the Santa Clara county Tuberculosis sanitarium. She will work with the sanitarium for two months.

Miss Booth stated that nine months of this type of training are mandatory before one can take the national examination.

Rally Meet

First Rally committee meeting of the winter quarter will be held tonight at 7:30 o'clock in room 24, according to Ed Mosher, temporary chairman.

Election of officers will be held, and plans for basketball and boxing activities will be made.

Running for Rally committee chairman are Stewart Pinkston, Dean Price, and Mosher.

'Ouch! Santa'

Stocky (5 ft. 7 in.) Kris Kringle (Dr. William Hermanns) prepares to administer the switch in the approved Tatonian manner to a lackluster German language student, lanky (6 ft. 5 in.) Joseph Wilkins. The switching—and sundry other diversions—were enjoyed by more than 200 language students who attended the annual German club party in the Student Union at last quarter's close.

Shuart's Progressive Jazz Impresses SJSC Audience

By JOHN DREMEL

Approximately 600 feet-tapping students attended the Damon Runyon Cancer fund show presented Monday in the Morris Dailey auditorium.

Originally scheduled from 3:30 to 4:30 o'clock, the show ran until 5 o'clock as audience enthusiasm and applause had to be appeased by additional numbers. Bill Shuart stated after the show that he "liked to play for young people. They're so enthusiastic. In fact, they're 'living'."

Council Sponsors

The event was sponsored by the student council and arrangements were made by Frank Fuller, public relations major. Fuller declared the show a success both in music and in monetary contributions. He urges those students who did not attend this concert and who may wish to contribute to this worthy cause to attend the show scheduled for the near future at the Civic auditorium.

The Gem City Jazz band opened the program with five numbers in authentic Dixieland style. A piano solo by Jim Canavero was well liked by the audience.

Shuart Features Brass Section

Billy Shuart's group, featuring a powerful brass section, was very impressive. The progressive jazz numbers featured by this group were quite different from the Dixieland style of the Gem City Jazz band. Shuart's deep singing voice, his Latin-American bongo drums, and a special arrangement of "Still of the Night" by his drummer Bob Hotaling were highlights of the program. Shuart introduced the arranger for his group, Keith Carr, as a person who will one day be "one of the best arrangers in the business."

The Townsmen followed with a variety of novelty numbers, ranging from "Brazil" to "Saber Dance". This trio, which is used to an intimate atmosphere, had a bit of difficulty with the largeness of the auditorium. In spite of this difficulty, the group was highly appreciated by the audience.

Spartan Enrollees Include 2573 Vets

Veterans are holding their own on the San Jose State college campus, according to figures released today by the Registrar's office.

Ex-GI's make up about one third of the total winter quarter enrollment, roughly the same percentage as last quarter and only slightly under winter quarter, 1949.

They comprise 2573 of the present 7649 registration figure, as compared with 2869 out of 8265 for fall quarter and 2951 out of 6740 for winter quarter of last year. The figures include both full time and limited students.

Nearly 195 limited students who registered Friday brought the enrollment tally to 7649. This total will be increased during the week by additional late registrants and final tabulation of registration cards.

Further breakdown shows that 6578 regular students are enrolled in state college, with 877 in the junior college. Of the limited students, 187 are non-veterans and 17 are veterans.

Of the veterans, about 2420 attend state college and 125 are registered in the junior college.

Clubs to Pay Fee

All organizations that have contracted for space in the 1950 La Torre are urged by Bill Schulz, La Torre business manager, to make their payment before Jan. 15.

No organization pictures can be taken until the payment is made and failure to meet obligations will culminate in the forfeiture of the space allotted. Production deadlines must be met.

Supervisor Says Gym To Be Finished Apr. 25

Construction of the new Women's gym is nine days ahead of schedule and should be completed by Apr. 25, according to George Otto, state construction supervisor.

Installation of underground plumbing, heating, electrical, and ventilating fixtures has been completed and plans call for pouring the cement deck of the swimming pool tomorrow morning.

Revelries Looking For Hidden Talent

By MARGOT MILLER

Present day G.I.'s may think they have troubles going to college, but theirs are nothing compared to those of Jack and Mack, stars of the 1950 Revelries show, "Low Button Shoes."

Jack and Mack are World War I veterans trying to get an education in pre-flapper days without the aid of a G.I. bill. The difficulties they encounter as students at San Jose Normal school will furnish many of the laughs in this year's Revelries production.

The fast-moving script for the show was written by Bill Pentony, senior education major from San Jose. Original songs are the work of Fred Cooper and Dick Weigum of Lodi.

There are still parts in the show for interested students, according to Dick Pritchard, Revelries director. He urges everyone who is interested in working on the show in any capacity to turn out for tonight's tryouts.

"Don't be afraid to let other people know you have talent," he added. "This is the last night for tryouts, so if you want a part in the show, be at the Morris Dailey auditorium tonight at 7 o'clock."

Revelries, an annual Student Body sponsored production, is scheduled to run Feb. 22-25.

Director Pritchard feels that this year's show will be one of the best to hit the Morris Dailey stage for many a year.

Book Payoffs

Payoffs and return of books by the Alpha Phi Omega book exchange will start today, Fred Michels, chairman of the fraternity's book exchange committee, announced yesterday.

Payments and returns will be made on Wednesdays until Feb. 1 at the exchange's office in the Student Union, Michels said. The office is open from 8:30 a.m. until 4 p.m.

Health Office Asks Students to Report

According to Miss Margaret Twombly, head of the Health and Hygiene department, the following students are to report to the Health office immediately:

Gerald Belcher, Irene Cornish, Alma Dalmassu, Roy Dundas, Charles Edmondson, Merritt Ellis, Joan Garoutte, Richard Grove, Philip Heron, Paul McCormick, Mateo Mena, Donald Mehrrens, Grandison Perry, Anthony Ramos, Muriel Ransom, Leonard Rhodes, George Sorensen, Lloyd Souza, William Underwood, Gonzalo Valencia, George Vieira, Don Wacker, Lois Walker, William Wollin.

Liquor taxes and fees yielded \$2,714,992 in Nebraska during the year ending Nov. 30, 1949.

The most difficult phase of the job has been construction of the swimming pool. Foundation areas at the east and west sides of the pool must be left open instead of being made solid to allow for the suspension of underground units and the water pressure in the pool.

"Despite these problems nothing has slowed up the schedule and there is no reason why the building should not be completed on time," Otto stated.

The weight of the iron frames supporting the walls and roof of the gym would tend to push the sides of the pool out of line unless they were properly braced. The number and intricacy of underground fixtures has also presented a problem as they must be correctly spaced to avoid running into each other.

There are 30 men employed on the construction. This breaks down into 14 carpenters, six laborers, two plumbers with four assistant laborers, two electricians, and six men tying steel. Workers from 29 crafts will have participated in the building's construction before it is completed.

Dr. Ellis to Speak At Scientist Meet

Dr. Albert Ellis, physiology and anatomy professor at San Jose State college, will speak tonight at a dinner meeting of the western division of the Society for Experimental Biology and Medicine. The meeting, to be held in the Pharmacy building of the University of California School of Medicine in San Francisco, will begin at 4 p.m.

Dr. Ellis will speak on the influence of magnesium on the oxygen consumption in a rabbit, the subject of his doctor's thesis written last year when he received his Ph.D. at Stanford university.

His listeners will be a group of 100 research men from all over the west. Held quarterly, the lecture meetings center at different research laboratories each time. A question session will follow his talk. The knowledge brought forth will be used in further research work, Dr. Ellis said.

SJS Fight Sked Lacks Headliners

By AL GROSSI

The lack of a single major collegiate opponent on the San Jose State Boxing schedule was particularly conspicuous as the 1950 slate was released today by Danny Hill, athletic publicity director.

It contains a total of 14 fistic engagements, seven of which are with service teams, and four with colleges. The other three are invitational matches at which the collegiate toughies gather to display their talents.

It is obvious that many colleges want no part of San Jose in the ring. Boxing is one of the four major sports here at San Jose, but because of lack of material, funds, and proper instructors, boxing is prominent in comparatively few of the major colleges in the United States. The recent acquisition of Julius Menendez by Santa Clara university is a definite step toward better competition on the Pacific Coast. Coach Dee Portal of San Jose looks for the Broncos to give the Spartans considerable competition in a few years.

Portal also indicated that he ex-

pects San Francisco City college to be the stiffest test and named S. F. State as the most improved team on his schedule. "They're really out to give us a tough time this year," he said.

What type of competition the service teams will provide is a matter of some speculation, but using Treasure Island as an example, Portal expressed some concern over the situation. Treasure Island is not on the schedule this year, but similar competition is expected from the other service outfits, especially the San Diego Navy crew. Reports indicate they are a top-notch outfit.

The following is the San Jose State boxing schedule for 1950.

- Jan. 19-20 — All College — San Jose.
- Jan. 27 — S. F. City college — San Jose.
- Feb. 1 — Cal Poly — San Luis Obispo.
- Feb. 2 — Camp Stoneman — San Jose.
- Feb. 3 — Moffett Field — San Jose.
- Feb. 9 — Camp Pendleton — San Jose.
- Feb. 10 — Cal Aggies — Davis.
- Feb. 16 — Fairfield-Suisun Air Base — San Jose.
- Feb. 23 — El Toro Marines — San Jose.
- Feb. 24 — San Francisco St. — San Francisco.
- Mar. 2 — Fort Mason — San Jose.
- Mar. 9 — San Diego Naval Air Stat. — San Jose.
- Mar. 17 — California Invitational — San Jose.
- Mar. 23, 24, 25 — Pacific Coast Intercollegiate — Sacramento.

on San Antonio St.

Frosh Cagers Play Leonard's Five Tomorrow

San Jose State's under-publicized freshman basketball team draws top billing on the local basketball scene this week as it meets Leonard's Sport Shop tomorrow evening and Fremont high school Saturday night. Both games will take place in Spartan gym.

The first year men have engaged in more tilts than the varsity and have come through eight games played with one setback.

Naturally the team has been shoved into the background behind the varsity cagers, but this week it will have the campus pavilion to itself while the varsity plays in the south.

Leonards is one of the best club teams in town and it is easy to understand why, with Bob Hagen, all-CCAA forward for SJS, the past season, in the line-up. Dan Inveen, a stand-out on Coach Tom Cureton's San Jose frosh team last year, also plays for Leonards.

The frosh team isn't a member of any league but has last season's frosh record of 18 wins and three defeats as an incentive.

Tennis Movies To be Shown

Three tennis reels showing Bobby Riggs, Don Budge, and the 1948 Davis cup, will be shown tomorrow night at 7 o'clock at 61 S. Fourth street by Dink Clark, local tennis instructor. Admission is free.

Clark has been instructing college students who were left over after the large enrollment in tennis classes at the college prohibited further registration in them.

The college tennis team, under the direction of Coach Ted Mumby, is already working out in preparation for the coming season.

Hoopmen Start CCAA Play

San Jose's Spartan basketballers leave for the southland tomorrow for a two-game stand-with the San Diego Aztecs and the CCAA newcomers, Pepperdine's Waves on Jan. 13 and 14.

Center Dick Barnes, 6 ft. 5 in., and forward Tom Keesy, 6 ft. 3 in., both All-CCAA last season pace the regulars in their fast breaking game. Friday night's game marks the beginning of Coach Walt McPherson's boys defense of the CCAA basketball title that they have held for the past two seasons.

Following the tussle with the Montezumans the Spartans travel northward to tangle with a flashy Pepperdine squad. Winners of the recent Los Angeles Invitational tournament, the newcomers to the league are shaping up as one of the teams to beat.

The Waves defeated the Pied Pipers of Hamline for the Invitational honors in the finals and already have been tabbed as giant-killers of the southland. Boasting a 6-3 record the Waves will floor a proven team of veterans that will go all out to dethrone the Spartans.

Spurns Pro Grid

MACON, Ga., Jan. 10 (UP)—Travis Tidwell, Auburn's ace quarterback, will spurn professional football to remain as assistant backfield coach at the school.

The 185-pound star of the Blue-Gray and Senior Bowl games made the decision public at the Macon Touchdown club banquet here yesterday.

Wednesday, January 11, 1950

SPARTAN DAILY 3

Spartan Squads Skin Gators in First Test

The San Jose Spartan grapplers in their initial appearance of the season knocked over a determined San Francisco wrestling squad 29-5 last night in the men's gym.

Losing but one match to the invaders, Coach Mumby's conditioned wrestlers cleared the remainder of the card by snagging four falls and three decisions from the Gators.

San Francisco's only victory consolation came in the 128 lb. clash, when Joe Kimura, an Olympic possibility in 1952, overcame the resistant Ben Ichikawa. By far the best battle of the evening Kimura had to use all his tricks before Ichikawa went down for the fall in the third period.

Other than that event it was an all San Jose affair as Joe Killen pinned pint size Frank Lee in the 121 lb. match; Captain Ralph Payne floored Jerry Friedman in the third round of the 136 pounder; Dick Campbell planted Cliff Gray; and heavyweight Phil Bray put Bob Brandenberry on the bottom of the mat.

Decision points were collected for the San Joseans by 145 lb. Bill Wardrup over Bob Cunningham; 155 lb. Ray Bunnell outlasting Adolf Kelly's third period attack; and 165 lb. Frank Waxham defeating Russ Miserole.

In conjunction with the varsity fray, the San Jose junior varsity squad floored the San Francisco juniors 35-0.

Mumby's varsity hopefuls won four events by falls, three matches via the forfeit trail, and one match was called off.

Noboru Tonemoto, Lee Jordan, Neil Thoman, and Ray Thomas had themselves an easy time as they triumphed over Ray Curiel, Whisley Allbee, Leon Talesfore, and Otto Graff respectively.

Both coaches came into last night's events with the crying towel as a sudden flu epidemic hit many of their wrestlers. Gator Coach Burt Gustafson was without the services of Bob Burbank, John Holden, and Jack Root, while Mumby sidelined Mickey Mendoza.

Kappa Alpha Order Pledges To Dance at La Rinconada

Kappa Alpha Order pledges will stage a dance at La Rinconada golf club Saturday evening from 9 p.m. to 1 a.m., according to Paul Davis, publicity chairman.

Freddie Dutton and his orchestra have been obtained to provide music for the affair.

Attire for the function is dressy-sport, Davis said. The event is expected to attract 45 pledges, members, alumni, and their dates.

The KA neophytes are to be initiated into the fraternity Jan. 21. They are Don Palmer, Bob Hitchcock, John Reilly, Dick Fields, Louis Gerard, Paul Pursell, Dale Voerckel, Walt Van Dehey, Jack Stahlheber, and Jack Frederick.

Palmer is in charge of arrangements for the pledge dance.

Studies at USC

Gerald Prindiville, a 1932 graduate of San Jose State college, is now attending the University of Southern California, where he is studying for his doctor's degree in education.

Dress Vexes Sexes

The matter of dress for the Black Catter's Ball, freshman class dance, is raising much conjecture among the femmes and fellas of the lower classmen population, according to Tom Evans, general chairman for the affair.

Those in the know, however, predict that the smartest freshmen women will interpret "semi-formal dress" to mean either ballet length or floor length gowns in the most bouffant of styles. Men will wear dark business suits or tuxedos as desired. So says tradition on San Jose State college dance floors.

APhiO Builds Barbecue Tables

Four more barbecue tables for the use of San Jose State college students have been constructed by Alpha Phi Omega as part of the fraternity's campus service campaign.

The tables were built Saturday in the Industrial Arts department and then moved to the barbecue area near the Women's gym.

Fraternity members donated approximately 100 man hours of work to the project.
